Smart Start helps parents find quality child care

Do you need help finding quality child care for the upcoming year? Smart Start of Davidson County is ready to help.

Smart Start of Davidson County's mission is to engage the community to ensure that all children reach their full potential. One of the services offered by Smart Start assists parents with finding quality child care in Davidson County for free.

The Parent Specialists at Smart Start can walk a parent through the entire process of finding quality care and provide parents with lists of local child care providers which have openings. Parent Specialists also discuss star-ratings and what to look for in a quality child care program; and serve as a resource as a parent makes their decision.

Smart Start also has a website, located at www.partnershipforchildren.org that features a section for parents which provides information on finding quality child care. The website also features important parent information and web links such as www.growachild.org.

For more information, contact Ann Brudenell at (336)249-6688, or email her at annb@partnershipforchildren.org.
